

SUMMARY

Recent Electronics and telecommunication graduate with strong skills in Java programming and an understanding of software development basics. Proficient in core Java frameworks like Spring and **Hibernate** and comfortable with **SQL**, **data structures**, and algorithms. Eager to apply knowledge and (SOFT SKILLS) in a professional setting. Quick learner who works well in teams and is enthusiastic about building effective applications.

EDUCATION

Bachelor of Electronics and Telecommunication Engineering (2021 - 2024)

- SVPM's College of Engineering, Malegaon Bk
- 7.15 SGPA

Diploma in Electronics and Telecommunication Engineering (2018 - 2021)

- SVPM's Institute of Technology and Engineering, Malegaon Bk
- 84.06 %

TECHNICAL SKILLS

- Java
- C++
- JavaScript
- MySQL database
- Spring
- Hibernate Spring

SOFT SKILLS

- Problem Solving
- Leadership
- Emotional Intelligence
- Quick Learner
- Creativity
- Self-Motivated

INTERNSHIP

Microcare Computer Systems Pvt. Ltd. (Jan 2023 - Mar2023) Intern

- Gained hands-on experience in front-end web development using HTML, CSS, JavaScript, and Vue.js.
- Developed dynamic and interactive web applications with Vue.js framework. Implemented responsive UI components and improved user experience.

PROJECTS

- IOT-ENABLED 3D PRINTING AUTOMATION SYSTEM** : This project integrates IoT technology with a 3D printing system, allowing users to remotely control, monitor, and automate the printing process through a web interface. It reduces manual effort, enhances efficiency, and ensures real-time tracking of print jobs.
- MY PORTFOLIO WEBSITE** : My portfolio website displays my work as a Software Engineer and Full Stack Developer. It highlights my projects, skills, and experience in web development, IoT, and software engineering. I built the site using HTML, CSS, and JavaScript to make it interactive and easy to use.

ACHIEVEMENTS

Intercollege Project Presentation :

- Secured 2nd rank in intercollege project presentation ,showcasing teamwork and strategy.

CERTIFICATIONS

- FirstBit Solutions: **Java Full Stack**
- Free Code Camp: JavaScript Algorithm and Data Structures
- Microcare Computer Systems : Java Script, HTML and CSS
